

# Sakakawea Medical Center Foundation

November 21, 2018

Dear Friends,

It is with great pride that the SMC Foundation continues to serve Sakakawea Medical Center (SMC) by providing a way for friends and family to give financial support to our community hospital and the many services that it provides.

Throughout the years, your tax-deductible donations have gone directly to the purchase of vital technology, equipment, education and community programs leading to a higher standard of care within our local healthcare facility that otherwise would not have been possible.

The construction and opening of the new medical center is providing many benefits to our communities now and for future generations yet comes at a phenomenal price. Your assistance is still needed to help defray that cost and keep our new medical center on the cutting edge of ever-changing technology.

The Hospice program continues to be a blessing to our communities. This team of physicians, nurses, social workers, pharmacists, chaplains and specially trained volunteers is a service that is very costly in terms of dollars and cents, but one we cannot afford to be without.

SMC's Electronic Health Information (EHI) system has become outdated, inefficient and is no longer able to keep up with today's technology, therefore, the medical center is in the process of obtaining and initiating a new EHI called Epic. Though very costly, Epic will provide a unified electronic medical record and billing system and will help develop partnerships by involving patients in their own care, providing them with access to their records, and facilitating information sharing between health care organizations.

For all of these things to happen, we need your support. We are writing to you because we know that you care about the quality of health care in Mercer County and the surrounding area now and for years to come. What better way to ensure that these excellent services continue and expand than by contributing to the Foundation's Annual Fund Drive. Won't you please complete the enclosed donation sheet? Invest in the future of Sakakawea Medical Center as we look to the needs of our families, friends, and community neighbors.

Sincerely,  
Sakakawea Medical Center Foundation Board of Directors
